

## Community Visioning Workshops

### MISSION

Create a safe and inclusive community park that will foster friendships, personal growth, learning and fun for people of all abilities.

People of all abilities deserve a chance to play, socialize and imagine. The Arc Lane County is committed to the development of the Arc Park. Our goal is to create a space that provides everyone the opportunity to play, regardless of age, ability and background. The Arc Park will have features where everyone can find something of interest – play structures, sensory wall, community village and all the wonders of the outdoors in a safely enclosed space.

## Join the Conversation!
