Visit the Community Resilience Toolkit!

Resilience = Toughness; flexibility; being able to recover quickly from hard times.

The toolkit has:

- Information about different populations
- Services available in the community
- Tools to help with stress and basic living needs
- Webinars, trainings, videos, links and lots of information for a variety of users!

Get to the toolkit by clicking on the link below or copying it into your internet browser: www.lanecounty.org/toolkit

IMPORTANT! The spreadsheet below lists current and available crisis and behavioral health services in Lane County.
